COUNCIL AGENDA: September 12, 2006

TO: City Council

VIA: Dennis R. Halloway, City Manager 

FROM: T. Jarb Thaipejr, Public Works Director/City Engineer 

SUBJECT: Review and Accept the Draft Urban Water Management Plan

RECOMMENDATION

It is recommended that the City Council review and accept the Draft Urban Water Management Plan.

BACKGROUND

As a water provider agency, the City is required by the Water Code per Assembly Bill 797 of the California Legislature to prepare and submit an Urban Water Management Plan to the State Department of Water Resources every five years. The Urban Water Management Plan will provide information regarding the City's water sources, conditions of water system, future water sources, capacity, quality and contingency plan in the event of drought.

On March 14, 2006, the City Council awarded a contract for services to Engineering Resources of Southern California to prepare this plan.
